Machine

10' bending machine, 10' hydraulic shear, power roller machine, punch & share,

high speed press machine, milling machine, argon welding m/c, co2 welding m/c, plasma cutting m/c, etc.

Products

Bag filter dust collector shaking type and pulse jet type with casing of carbon steel or stainless steel and size from 4 bags up to 1,000 bags. We not only sale to end user but also supply to other dust control companies.

Bag filter dust collector shaking type and pulse jet type with casing of carbon steel or stainless steel and size from 4 bags up to 1,000 bags. We not only sale to end user but also supply to other dust control companies.

All kinds of filter bags. PP, PE, Nomex, Teflon, Ryton are imported from Europe/United States in rolls and we do sewing in all shapes-round cylinder, lamella, multi-bags. We supply to dealers and end users also.

We are an executive dealer of “Tae-Ha” Korea for pulse cleaning equipment (pulse valve and sequential timer for pulse control). We also supply dust collector assessories: e.g. venturi, wire cage, bulkhead connector, rotary valve, damper valve and screw conveyer.

Centrifugal Blower flowrate 500 - 30,000 cfm, static pressure 4-20 inch water gauge are manufactured at our factory for our dust collection plants and also supplied to dust control company and endusers.
